

Certificate of Conformity

for technical products made from rubber which come in contact with food

We hereby declare that the hose type „**Trix-Multi-Food®**“, manufactured by ContiTech, comply with the European Regulation EC 1935/2004 as well as with the German Food and Feed Code (LFGB) in the current version.

The elastomers comply with the requirements of the FDA 177.2600 („Rubber articles intended for repeated use“).

We confirm meeting the requirements concerning the traceability of the product by a corresponding marking respectively by appropriate documentation and information according to Article 17 of the European Regulation EC 1935/2004. Furthermore, we guarantee the compliance with the Good Manufacturing Practice (GMP) by the quality assurance and control systems required in the European Regulation EC 2023/2006.

The intended use, the cleaning and operating temperatures for the hoses are shown in the product data sheets.

Best regards
